Public comment:

Faye Williams-210 South Church states this meeting is again very unpleasant and very hard to hear and understand. She also states that it is awful that the money is here but at the moment the town cannot touch it, President Ford explains there is money but we have to wait for it to come back from the money we spent on the Barclay project for engineering.

She also asks what is the update on the federal court case?

Ron tells her we have not heard anything back from federal court yet, as soon as we do, we will make an announcement.

With no further business to discuss, a motion to adjourn was made by Dave Ruffner, Charles Leager seconded the motion. A vote of 5- 0 entered.

Respectfully submitted,

Crissy Talty
